Confirmation of Extension of your Accreditation

Dear Mr. Fisseha,

We are pleased to confirm the continuation of your accreditation based on the positive findings of the assessment from 03.11.2014 to 04.11.2014.

.....

After the required preparatory work and the assessment having been successfully completed, your calibration laboratory has been granted the extension of accreditation for the calibration in leading personnel and in the fields of temperature and pressure quantities.

We are enclosing the accreditation certificate and the annex to the accreditation certificate which shows the new appointment of Mr. Tadesse Gergiso as new head of the calibration laboratory and reflects the new accredited scope for calibration of temperature and pressure quantities.

The subsequent assessment is due to be carried out in April 2016. We will contact you to schedule the exact dates for the assessment.

The DAkks Accreditation Body wishes you every success in your work and is looking forward to good and fruitful cooperation.

Yours sincerely

Katrin Wallstab-Freitag
